

# 4x4 & SUV

Whether venturing into the outback, enjoying the hinterland or sampling the top end, it is important to have the right equipment – and that includes the battery. Century’s range of 4x4 and SUV batteries are built tough to better suit our extreme climate and harsh off-road conditions. Because we know the road ahead isn’t always going to be easy.

Excessive under bonnet temperatures, continuous vibration and impacts from rough roads, and the demand of power hungry accessories all place extreme demands on the battery. So we design and build our 4x4 & SUV batteries using incredibly robust internal components and advanced manufacturing processes to withstand the challenges of Australia’s extreme off-road conditions.

## 4x4 & SUV

### Ultra Hi Performance

Engineered for soft off-road and on-road 4x4’s and SUV’s, Century Ultra Hi Performance 4x4 batteries provide exceptional starting power and maximum service life. Designed and built in Australia using hard-wearing components, Century Ultra Hi performance batteries are equipped to withstand the punishment of our unique climate and off-road conditions.

- ✓ Exceptional starting power for soft off-road and on-road 4x4’s and SUV’s
- ✓ Improved internal plate design for extra strength, endurance and durability
- ✓ Platelock™ technology reduces movement of internal plates for vibration resistance.
- ✓ Sealed maintenance-free design for reduced water loss and up to 50% more<sup>^</sup> service life
